

MACH SERIES

MANUAL PRINTER

THE PROFESSIONALS CHOICE

This press was designed for the printer who makes his or her living behind a squeegee. Light enough for ease of use day in and day out, but solidly welded to provide a rigid platform for life. The Mach printers are ideal for growing and high volume shops producing sophisticated designs. Mach printers also come in a variety of sizes to fit your printing needs.

Durable & Dependable Screen Printing Machinery

KEY FEATURES

SOLID CONSTRUCTION

Print arm struts ensure that pallets remain stable, helping to eliminate pallet deflection.

WELDED STEEL

Welded structural steel construction is the key to a lifetime of tight registration. The large diameter center shaft with tapered bearings provide unmatched stability and accuracy.

UPPER TURRET

Honeycomb design provides a lightweight yet high-strength platform for efficient screen rotation and sturdy printhead support.

ADVANCED PRINTHEAD

Precision machined cast aluminum with tool free, dial-in off contact. Large diameter registration knobs provide super responsive X, Y & Z micro registration and screen angle adjust.

COMPRESSION SPRING CARTRIDGE

Smooth and easy head travel in both up and down directions while maintaining consistent pressure. Springs are also available with multiple tension settings to handle a variety of screen sizes.

SPRING LOADED MICRO REGISTRATION

This new feature comes with easy to adjust handles and knobs and provides minimal to no backlash, allowing for the smallest of on-head adjustments.

CAPTURE FORK & BEARING REGISTRATION

Derived from the same time-tested registration used on all of our automatic presses. It provides little to no wear with minimal adjustments needed; offering a lifetime of use with no fuss.

QUICK RELEASE PALLET & BRACKET SYSTEM

Allows for quick changeovers and pallet compatibility with other presses. Has a 3-point leveling/adjustment system. Each press comes standard with a set of rubber coated aluminum pallets.
